Subject: Re: Dimock Outreach

Jennie - Here's the note to residents txt I think you asked for too.

Note to Residents (to be sent via e-mail):

Earlier data reviewed by EPA in November 2011 indicated that private well water posed no immediate health risks. We also said that we would continue to review the latest data and keep you informed. EPA has recently received and reviewed hundreds of pages of the latest Cabot data supplied by the residents. While EPA is not in a position to make any conclusions about the data we have in hand because there are gaps, we believe that additional information is needed to better understand the situation in Dimock and respond appropriately. Therefore, EPA is considering next steps including conducting some sampling of well water in the area.

EPA staff plan to be in Dimock beginning today to survey residents to begin filling these information gaps about their drinking water supply and will share next steps when we have more complete information. We will keep you informed of our next steps as soon as possible.

Thank you - Amy

Amy (Caprio) Johansen
Executive Assistant

Subject: Dimock Outreach

Here are the final versions to be used. Lets start gearing up to start making notifications. Let's look to pull the trigger at 1:30. Let me know if there are any questions, comments and concerns.

Thanks!
